MAY 19 P1:40

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

The compounded hormones I use alleviate symptoms caused by hormones previously prescribed by my M.D. - i.e. anxiety, high state of agitation. It is not appropriate to curtail free trade of these legal and necessary medications. There are all forms of interstate "trade" shipping - of goods - why this attempt to penalize a significant and informed segment of the population. ~~A group that~~ People who aim for a full, "healthy" life - free of debilitating symptoms.
